Oversome. I must venture this blow, or everything is lost; we must annihilate the enemy, or bis hatteries will bury us. Thus I intend to act. have as yet been reperted to the provest marking the steep sides of the ridge, and have as yet been reperted to the provest marking the steep sides of the ridge, and have another a color was advanced beyond the lines. The attempt appeared to be most danarmy, and prepare the privates for the work which must seen follow, informing them that I land and Colonel Miggins, of the 88th Penn-whole line was ordered to storm the hights, whole mames are upon which not less than furty pieces of artifaling. However, if you would not less than furty pieces of artifaling. lary, and no one knew how many muskets, stood ready to slaughter the assailants.

With cheers asswering cheers the men swarmed upward. They gathered to the points less! diff mit of secont, and the line was broken. Color after color was plauted on the summit, while muskets and cannon vemited their thun-Owing to the enemy's change of pasition it der upon them. A well-directed shot from Or. copy: became necessary for us to leave them there; chard knot exploded a robel causeon on the summit, and the gun was soon galleping to the right, the driver lashing his herses. A party of our seldiers interaspted and the gun was cap-Thomas and Gen Sherman, a mile or two of the ridge was still compled by the rebels.

Bragg laft the house in which he had held his heatiquarters and rode to the rear, as our troops arowned the hill on either side of him. Gen. Grant proceeded to the summit, and then upon the enemy. The siege train was placed in tured artillery was put into position, and artille-position in front of Sadgwich's command. After rists were sent for to work the gans, while the

and carried to the other side of the ridge and numbers and position than was anticipated, and used in forming barriendes across it. The other essaults by the right of our center gained the semmit, and the rebels threw down their arms and fled. Gen. Heeker, coming in a averable position, swept the right of the ridge and asptured many prisoners. night, and the battle of Chattaneoga, after three due to two causes; an overstocked markst and the give hundred pricesses, and seven thousand days of measurering and fighting, was won, large supplies on hand by persons, both in stand of arms. The Yankoo loss is estimated at and the strength of the rebellion, in its center, town and country, faralshed by the State. four thousand. A dispatch from Chattanooga was broken; Barnside relieved from danger; East Tennesses and Kentnaky rescued, Georgia

> To-night the estimate of our exptures is several thousand, and thirty pieces of artillery. Our loss for so great a victory is not great. Bragg is firing the railroad bridges as he retreats towards Dalten. Starman is to hat

To-day I viewed the battle-field, which extends for six miles along Missien ridge, and for goveral miles along Lookest mountain. Probably not se well directed, so well ordered, s battle has been delivered during the war. But one assent was repulsed; but that assent, by calling to that point the rebel reserves, prevented them from repulsing any of the others.

A few days since Gen. Bragg sent to General Grant a flag of trues, ndvising alm that it would be present to remove any non-nambatante who might be still in Chattanorga. No raply has been returned; but the combalants having removed from this vicinity it is probable that acquestrabulants can remain without impro-

In making the present appeal to you, britishing the present appeal to you. made his except from the Ohie penitentiary of tree, for unanimous and fervest prayers of Columbus, on Friday night, and has reached pence, we are aware that some will perhaps. Teconto, Canada, with his companious. With his namal good humer, he telegraphed from To- We do not speak here of these who, imbued

rome to Columbus that they seed it put them with indeed principles and billeded by atheistlesives to any further tremble on his account. A telegram from Cincinnati gives the following from human affairs, and maser that God had conjection of the manner of his oscape:

Col. Dick Morgan (a brather of Gan. John been askamed to advance. Instrumentle, indeed. mathing to do with this war, as some have not Morgan) and six captains were confined in the in the bilindaess of those who would view, in lower range of cells, and with his der human affairs, no other spring than human pasthrough the floor of the cell, which was composed of easent and note inches of brick. Untrue, God, who has given man free will, making
take a solume eath to retaliate in him thereby shellar to Riscoelf, leaves him ashunard. the whole length of the building. This was known to them. When once in the chamber of good or svil, but He has not on that action do good or svil, but He has not on that account into a count in the carth to the curt into a count in the carth to the curt into a count in the carth to the cart count iald saids the government of the world; Gen. Morgan occupied the cell over Col. Mor-gan's. On Friday night, as the priseners were and He freets the tide of human affairs as Me locked up for the night, Gen. Mergan was likes, without efficing violence to the free will of such a man. He would be indicting a punish allowed to exchange calls with Dick, who, every-anybedy. He that waishes ever the birds of mant most rightly deserved, and I, for one, sinsanget fall to the ground, cannot permit se memonicus a transaction as a war between powerial nations to take place without His purmis-

> sarihed to Himself, in His infinitely wise pract Some, also, there might be, who sould see no possible and of the war except by the subjuga tion of the southern portion of the sountry, and in their views to pray for peace would be lilen evident is the hallmeisation of such individuals. ion will change the minds of the millions, and the immesse majority, not to eay enanimity. the people who have irrevocably decreed country, and the formation of an independent garatument. Sabjugation, thornfore, if it were ! ginning of an interminable war, worse even han the one which is carried on now openly. It present state of things. This is but too well

the order of the day. It is true we would not, commistently with reason, and with the teachings of the gespol, pray for peace, if we were waging an unjust way, and if we were fighting against right, jus-tice, and the will of God. Belligerents engaged in such a war have se other meds of heard in their prayer for peace, than by laying anough to semit of ne doubt in our minds. were not excited, as she had always fund him mend is supposed to have had to do with this be admitted that each State was not at liberty to her to return A little correspondence ensued, be admitted that each State was not at liberty to her to return A little correspondence ensued, be admitted that each State was not at liberty to her to return A little correspondence ensued, be admitted that each State was not at liberty to her to return A little correspondence ensued, and the constituted that something was wrong, and the correspondence ensued. former Union together, and although it would There has been no fighting in this army since and the southeast threatment in the rear, and point, under regulations prescribed by the feet another victory added to the chapter of 'Uncompeted to march on. Justice of the 26th. Bragg was forced to march on. Justice of the Scince of t as every body knows, an apple of discars, in each others' arms. There was the usual threatening the dissolution of the Union. A scene, and then an explanation, the result of compromise received, sense years ago, the same which was that the housekeeper left the house. A correspondent of the Besten Journal, with hien of the whole country, and became a law of the Sarks (Texas) expedition, writing under the land; it was a law connecting the Union of ge as brightly as over date of November 11th, communicates the States, and was understood by all as such. A week slapsol, and

against the muster who would pursue his right | wrote to the protty bears keeper, whe, being against the Master was word and Planted States of the United States of the Willing to leave all and Juliew him, set cut These enactments of State Luginization against the second day after motiving his hillest. Since the law of Congress, constituted a true receibed, joined him at St Joseph, and for two or three which was, however, unchecked, either by weeks they enjoyed each other's company; Ho, cruies or by blockades. This was leaving the bowever, quickly tired or her also, and last any lenger upon a faithful compliance with the of his lawful sponce, and making a full couless conditions or the Union, and the Northern ion, obtained parties. lates having thus themselves broken the Islen, the Southern States were not bound to among these who were engineers of the car

The ranked punched the formation and more supposition, which needed to the same of the pits, under the pits of the and recruiting his herice and other stock. On his state and alignity wounded his way, about the 1st of October he came killed an orderly's heric and alignity wounded another belonging to a member of his stall.

Lieux-Col. Heaver, of the 72d Pennsylvania, directly and patriots are the formation of our skirmler line. The first action, lying within the claimed bounder of was a limit break, in the formation of our skirmler line. The first action, lying within the claimed bounder of was a limit break, in the had a limit break, in the first for the line, and the belonging to a member of his stall.

Lieux-Col. Heaver, of the 72d Pennsylvania, and the point, captured some two thousand present its is to be projected or executed the point, captured some two thousand present in the point, captured some two the rabels around the point, captured some two the nearest present in the point, captured some two the nearest present in the point, captured some two the said.

Lieux-Col. Heaver's Zourves, was killed as not the lines of the cathelis and the point, captured some two the nearest present in the point, captured some two the nearest present in the point, captured some two the nearest present in the point, captured some two the nearest present in the point, captured some two the nearest present in the point, captured some two the nearest present in the point, captured some two the nearest present in the point, captured some two the nearest present in the point, in full with the united present in the point, captured some two the nearest present in the point, in the place of the cathelis is meaning the entire single the shorter which he same it is not an interest present in the point, capt liverance from ovil, and although the very svil, we sught to dmire to be delivered from is styl plies. All night the point of Missionary ridge suitsfies that Grant could and would detach a strong column to march to Knoxville, raise the strong column to march to Knoxville the strong column to march to Knoxvil radly one of those evils that we may goll sub to be delivered from. We should, however, ask for those temporal blessings with a heart reaigned to his bely will; leaving to his infinite

windom the time and means of coming to our It is our duty to consider attentively the conlitions that secure efficacy to our prayers, and guard against the defects that would reb em of their power and credit before God "You ask and you receive not, because you ask unies." - James 4. And this is the someon to the complaint so many persons make that they bave asked for panea, and peace seems to be a far off as over. Those persons who complain of the harrenness of their prayers have, perhaps, good reason to impute to themselves that they gray without ecosidence, without purity of way, tention, without perseverance. All these

may laring man-essinglants, and sinn termined and reliable men can be sout North commissioned to apply, in turn, the terch to the hauses of those whe petsiat in permitting and encouraging such diabolical practices against us. It is horrible to think, and all must deplete, But so it is We cannot sit fully by and narmid wands of ru bless, unbridled creatures, in the hope of men, but with the spirit of demans, to inflict crunities and insults heretorere unequalised o the history of crime, and make no effort for fer to be adunted, and morey and means provided without stint for its presecution. Morn

I have frequently board the determination expressed by Southerners to kill every man who dares to become the purchaser of preparty mader that injustions schome of rabbery, salled the configuation law! No one would blump every individual whe becomes the compant or pretended ewner of Southern property by any auch means.

DECEMBER 4, 1963. A Demestic Stemance.

The Uncertainties of Married Life-A Fuithless Husband Three years ago a married comple came to Chicago and opened a boarding house. The wife attended to the duties of the household, the husband worked at his trade, and they lived happily together. The predix of the boarding asiones were not sufficiently extensive to afford tuck becamy in the shape of expense, and for a long time they were virtuous from the more force. imes came, and with them the reah to Chicago we o escape the draft. The business of a boardgeneralized. Subjugation, therefore, if it were ing house kurper became a very locative one, sometime, would not be peace, but would be the and the bushand found that his manual labor was not needed to make both onds meet. He releathese empities—of muriscous ravange and the stay at home gentry. Here the trouble because and of midnight assessinations, and other secret crucking and infamors, werse than the present scale of thems. gave up his situation, and took his place among ances among others of a blooming lass who exemplified in nome parts of the world, by the prosence of two heatile slams in the same countries. Things had reached this point about air ry, where increased murdors become, as it were, months ago, when suddenly the husband discovered that the health of his wife was failing. and that she seeded a visit to her home in N York to recuperate. She was glad of the apprentity and went. Quickly the female seque. ance was installed as bousekeeper, and all we

serry as the gambals of the faries in May. A swared that he wished her to sizy till she was ally recovered, and advised that she should not other munth rolled by, and still he did not wish is evident that it a majority of the States break lafter baying written that she had excelled to tound her husband and his housekteper claused a few premises were exacted, and all appeared to A week elapsod, and the husband was conten-

highly important fact that a fiest of five Franch steamers arrived off Brance on the 10th, from Vers Cruz, for the purpose of watching, no dealst, the movements of Gen. Banks.
